PEOPLES GAS®  
ENERGY EFFICIENCY PROGRAM

NORTH SHORE GAS®  
ENERGY EFFICIENCY PROGRAM

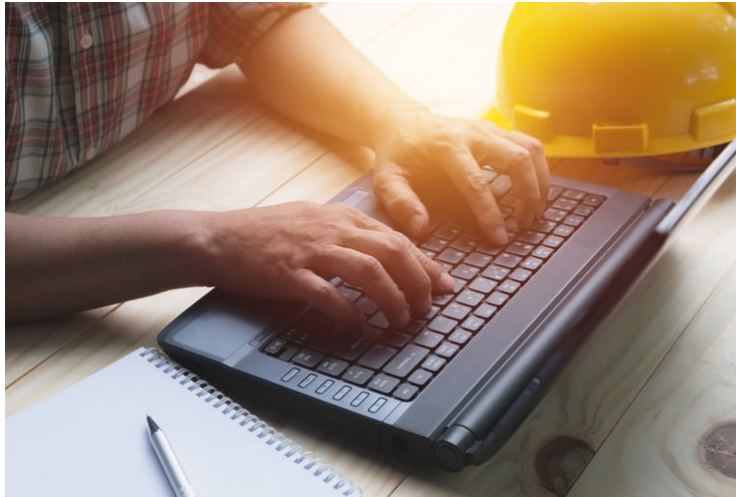

**December 2021 Newsletter**

## **Program Year 2021 Application Due Dates**

The Peoples Gas and North Shore Gas Energy Efficiency Programs are preparing to close out program year 2021. Please submit all 2021 project applications according to the dates below to avoid delays in payment.

- **Custom Projects:** Applications due before December 1, 2021
- **Prescriptive Projects:** Applications due before December 15, 2021
- **HVAC and Weatherization Projects:** Applications due before December 27, 2021

## Accepting Applications for 2022!

From now until December 31, 2021 **Small and Midsize Business and Multi-Family Partner Trade Allies** can submit pre-approvals on 2021 applications for projects to be completed in 2022 in both the Peoples Gas and North Shore Gas territories. Reserve the 2021 rebate levels if your work is completed by February 28, 2022. If the work is completed after this date, any changes to 2022 rebates will be applied to the project. Final payment approvals for these projects will not be accepted until 2022.

## Program Year 2022 Update

Information regarding program year 2022 rebates, applications, and more will be shared in the coming weeks.

New measures for 2022 include:

- On-Demand Circulating Hot Water Pump for Hotels/Motels
- Water-Saving Measures:
  - Low Flow Restrictors/Faucet Aerators for Hotels/Motels
  - Low Flow Restrictors/Showerheads for Hotels/Motels
  - Laminar Flow Restrictors for Healthcare Facilities

### **Program Reminder**

2021 Peoples Gas HVAC, water heating and smart thermostat applications received after October 15 will be placed on a waitlist

### **Training Opportunities**

#### **Advanced Combustion Safety**

December 13, 2021

8 a.m. - 4 p.m.

This one-day training course will provide you with the skills necessary to properly identify and inspect combustion appliances such as furnaces, space heaters, and water heaters that present potential health and safety hazards.
