PEOPLES GAS®  
ENERGY EFFICIENCY PROGRAM

NORTH SHORE GAS®  
ENERGY EFFICIENCY PROGRAM

June 2021 Newsletter

## Rebate Available for Smart Thermostats!

Reminder: The Peoples Gas and North Shore Gas Energy Efficiency Programs offer a \$25 rebate for ENERGY STAR® certified smart thermostats capable of maintaining two separate programs and two or more temperature settings for each program. Smart thermostats installed in conjunction with a high-efficiency furnace qualify for this rebate. Contact us to learn more.

## **Watch: Upgrade Your Pneumatic Control System Webinar**

Watch a recording of our recent customer webinar to learn how to gain better control of an existing pneumatic control system without updating to digital direct controls (DDC). Experts from the Peoples Gas and North Shore Gas Energy Efficiency Program and Cypress Envirosystems also provide insight into the key features and the benefits of wireless pneumatic thermostats. Features and benefits include lower energy consumption, reduced maintenance, improved comfort and more.

Watch Webinar

### **Program Reminder**

Due to COVID-19 protocols, in-person, post-project inspections are limited. To avoid a delay in payment, please include photos of completed projects with the submission of final paperwork.

### **Training Opportunities**

Duct Envelope Tightness

June 2, 2021  
8 a.m. - 4 p.m.

This one day training course will introduce the skills necessary to become a Duct Envelope Tightness (DET) Verifier, certified to perform the diagnostic testing required for new homes by the 2018 Energy Code.

## Trade Ally Spotlight

### Ralph's Heating & Air Conditioning

Ralph's Heating & Air Conditioning is a 3rd generation business serving residential and commercial customers across the Chicagoland area. As a full-service HVAC contractor, Ralph's sells and installs a comprehensive line of HVAC equipment including furnaces, boilers, hot water heaters and more. Their skilled technicians help customers maintain their existing system or upgrade to a new, energy-efficient system.

Ralph's Heating & Air Conditioning has helped customers save over **230,000** therms since joining the Peoples Gas Energy Efficiency Program trade ally network and has referred the highest number of customers for steam pipe insulation as part of this year's multi-family steam pipe insulation bonus.
